

Book Summary

Happier Than God, The Unspoken Truth that Will Change Your Life

In today's drama-whirling, sound-bite news world, we seldom are presented with good news. The author reveals countless reasons why we have the innate right and talent to be happy, to be all that we can be, to be "the next grandest version of the greatest vision of our selves," as Neale Donald Walsch has stated in his *Conversations with God* books. Live large. Dream your wildest, color-rich dreams. Decide to be happy now.

"You can be *happier than God*...There's a formula by which you can be this. It's become sort of a 'mystery formula' because very few people are talking about it."

~ Neale Donald Walsch,
Happier Than God, Chapter One

Neale Founded the School of the New Spirituality

The School of the New Spirituality's curricula and programs promote, empower and enable love – love of God, love of self, family, friends, and community (local to global). Developing a co-creative relationship with God is key to a satisfying, loving inner peace that can unveil huge happiness! And I believe that inner harmony actually shifts the world to a different energy level. Any personal peace moment is a fundamental building block to world peace. God-love, Self-love and peaceful kindness to all, lead to a deep compassion and multi-faceted understanding of our humanity, our commonalities with others, and our ONEness as spiritual beings in human form.
